

# Index

## A

- Above Ground Storage Tanks, 3-3
- Acronyms and Abbreviations, J-1
- Active Flux Chamber, 5-39
- Agencies, Directory of, G-2
- Application
  - UST Permit, 2-2, A-2
  - Well/Boring Permit, 5-2, B-2, B-5
- Article 11, K-1
- Analysis of Samples
  - Groundwater, 5-42, 5-43, 5-53, 5-54
  - Soil, 5-65
  - Soil and Leachate, 5-62
  - Vapor, 5-14, 5-27

## B

- Background Samples, 5-72
- Beneficial Use Waters, 6-3
- Blanks, 5-32, 5-70, 5-71, E-87
- Brownfields, 1-6
- Boring, 5-8
- Boring and Well Permits, 5-1
- Burn Ash, 3-4, 4-14, E-3

## C

- California Code of Regulations (CCR), 1-2
- California Health and Safety Code, 1-2
- Cancer Slope Factors and Reference Dose, 6-6
- CAP, see *Corrective Action Plan*
- Checklist
  - Environmental Assessment, 3-5
  - Groundwater Monitoring and Reporting, 5-54
  - Risk Assessment Checklist, 6-42
  - Site Assessment Report, 4-15
  - Site Remediation Workplan Checklist, 7-13
- Chlorinated Hydrocarbon Contaminated Sites, 4-10
- Cleanup Fund, UST, 1-20, L-2
- Cleanup Levels, 7-5
- Closure, UST System, 2-3
- Combustible Gas Indicator, E-2

Community Health and Safety, 2-3, 2-8, 4-6, 7-15

Contaminant

Discovery, 3-1

Fate and Transport, 6-10

Contaminated Sites, Listings, H-2

Contamination

Delineating, 5-11

Discovery, 3-1

Sources, 3-1

Corrective Action Plan, 7-3, D-4

Corrective Action Process, 4-3

## D

Definitions, 1-21

DEH, see *Department of Environmental Health*

Department of Environmental Health, services, 1-12, 1-17

Department of Toxic Substances Control (DTSC), 1-11, 1-14, 1-20

Disposal of Contaminated Soil

In San Diego County, 7-16

Outside of San Diego County, 7-16

Drill Cuttings and Groundwater, 5-6

Drilling

Bond, 5-5

Fees, 5-3

Inspections, 5-4

Notification, 5-5

Permit, 5-1, 5-2

Techniques for Sample Collection, 5-12

Drum Labeling and Storage, 5-6

Drummed Soil Sampling, 5-74

Duty Desk, DEH, 1-17

## E

Emergency Containment Tanks, 1-27

Emergency Planning, 4-8

Environmental Assessment, 3-5

Examples, Maps and Cross Sections, F-2

Exempt Tanks, 1-26

Exposure Assessment, 6-7

## F

Fate and Transport, 6-34

Feasibility Study, 7-6

Federal List, Contaminated Site and Environmental Investigation, H-4

Fees, 1-5, 5-3

Field Descriptions, Soil and Rock, 5-9

Field QA/QC, 5-70

File Review Request Form, D-10

Five-Day Report, 3-10

Flammable Hazards, 2-9

Flux Chamber, 5-18, 5-39

Forms, D-2  
 Forum Meetings, 1-18  
 Free Product, see *Non-Aqueous Phase Liquid (NAPL)*  
 Fuel Contaminated Sites, 4-10  
 Fund, State UST Cleanup, 1-20, L-2

## G

Geologic Observations and Interpretations, 5-8  
 Goals, SAM, 1-1  
 Groundwater  
     Monitoring and Reporting, 5-42, 5-54  
     Monitoring Wells, 5-1, 5-40, B-1  
     Results Reporting Form, D-8  
     Sampling, 5-42, 5-53, 5-54

## H

Health Risk Analysis, 6-3  
 Historic Site Use, 3-4  
 Home Heating Fuel Tank, 1-21  
 Human Health Risk, 6-1  
 Hydrogeology, 4-16  
 Hydrology, 4-16

## I

Industrial Process Releases, 3-2  
 Inspection  
     Borings and Wells, 5-4  
     USTs, 2-4  
 Integrity (Precision) Test Reporting, 3-9  
 Interim Remedial Action, 4-5, 7-1  
 Investigation, to Determine if Contamination Is Present, 4-9

## L

Laboratory Analysis  
     Analytical Methods, Required, 5-27, 5-62, 5-64  
     Background Samples, 5-72  
     Blanks, 5-32, 5-70, 5-71, E-87  
     Detection Limits, 5-28, 5-68  
     Duplicate Samples, 5-72  
     Containers, 5-72  
     Field QA/QC, 5-70  
     Laboratory QA/QC, 5-36, 5-69, E-86  
     Reporting Limits, 5-68  
 Landfills, 3-3  
 Leachability, of Soil, 5-62  
 Local  
     Agencies, G-2  
     Listings, of Contaminated Sites and Regulated Businesses, H-2, H-5  
 Local Oversight Program, 1-5, 1-12  
 Logging, 5-5

## M

Maps and Cross Sections, F-2  
Metal Contaminated Sites, 4-13  
Mitigation, 7-1  
Monitoring Wells  
    Construction Standards, B-13  
    Permit Application, B-5  
MTBE, 5-28, 5-62, 5-65, 5-66, 5-68, M-1

## N

Non-Aqueous Phase Liquid (NAPL), 5-40, 5-57, 5-59, 6-17, E-42  
Non-Beneficial Use Waters, 6-3  
Non-Purge Guidelines, E-52

## O

Organization Chart, I-2

## P

Permit Extension, 2-2, 5-4  
Permit Requirements and Application  
    UST Closures, 2-1, A-2  
    Wells and Borings, 5-1, B-5  
Pesticide Contaminated Sites, 4-14  
Petroleum Hydrocarbon Contaminated Soil, 7-15  
Phase I Environmental Assessment, 3-5  
Plot Plan, 3-5  
Post Tank Removal Workplan, 2-3  
Preliminary Site Assessment, 3-11  
Property Redevelopment, 1-6  
Public Notification, 4-9

## Q

Quality Assurance/Quality Control, 5-36, 5-69, 5-70, E-86

## R

Redevelopment Agency, 1-14  
Redevelopment Property, see *Property Redevelopment*  
References, General and Technical, I-2  
Regional Water Quality Control Board (RWQCB), 1-11, 1-13, 1-19  
Release Reporting, 3-8  
Remediation, 7-1  
    Alternatives, 7-2  
    By Natural Attenuation, 7-8  
    Checklist, 7-13  
    Reporting Requirements, 7-7  
    Verification Monitoring, 7-8  
Request for DEH Assistance, C-4  
Residual Saturation, 5-57

Responsible Party, 1-24, 3-12  
 Risk Assessment, 6-3  
 Risk Assessment Report Checklist, 6-42  
 Risk Based Decision Process, 6-1  
 Risk Characterization, 6-36  
 Risk Management, 6-50  
 RWQCB, see *Regional Water Quality Control Board*

## S

SAM Manual, 1-18  
 Sampling  
   Containerized Soil, 5-74  
   Groundwater, 5-40, 5-42, 5-53, 5-54  
   QA/QC, 5-70  
   Soil and Leachate, 5-62  
   Soil and Rock, 5-8  
   Soil Gas (Vapor), 5-14  
   Verification, 7-15  
   Well, 5-44  
 Site Assessment, 4-1  
 Site Assessment Report Checklist, 4-15  
 Site Designation Program, 1-5, 1-12  
 Site Investigation, 4-9  
 Site Safety Manager, 4-8  
 Soil and Rock Sampling, 5-8  
 Soil Disposal, 7-16  
 Soil Management, 7-15  
 Soil Sampling, 5-8  
 Soil Vapor Sampling, 5-14  
 SPLP, 5-62  
 State Tank Fund, 1-20  
 Steering Committee, 1-19  
 Stockpile Statistics Worksheet, 5-75  
 Stockpiled Soil Sampling, 4-17  
 Sumps, 1-26

## T

Tables  
   Acceptable Sampling Methods for Chemicals of Concern, 5-45  
   Approximate Number of Samples for UST Removal, E-5  
   Cancer Slope Factors and Reference Dose, 6-6  
   Conservative Default Values for Health Risk Exposure, 6-39  
   Conservative Default Values for Various Physical Properties, 6-16  
   Contamination Based on Solubility (No Attenuation), 6-22  
   Detection Limit Reporting, 5-68  
   Field Descriptions for Soil and Rock, 5-9, 5-10  
   Gas Concentration Units – Conversion, 6-33  
   Groundwater Having Designated Beneficial Use, Maximum Soil Contamination Based on Solubility (No Attenuation), 6-21  
   Groundwater Having No Designated Beneficial Use (<1,000 feet from a surface water), Maximum Soil Contamination Based on Solubility (No Attenuation), 6-22  
   Laboratory Analyses for Initial Contaminant Characterization, 5-66

Laboratory QA/QC Reporting Guidelines, E-86  
 Petroleum Residual NAPL Saturation Based on Soil Type in Sedimentary Environments, 5-59  
 Preparation Methods, 5-67  
 Purging Methods, 5-44  
 Regulatory Agencies Involved in Redevelopment Process, 1-11  
 Representative Range of Values for Soil Physical Properties, 6-15  
 Required Analyses for UST Removals, 5-65  
 Sampling Techniques, 5-13  
 Selected Indicators of RNA, 7-12  
 Selecting a Lead Agency – Services Provided, 1-12  
 Soil Gas Calibration Table, 5-31  
 Soil Gas Sampling Results, 5-37  
 Stability Criteria for Low-Flow Purging, 5-50  
 Stakeholders Goals and Objectives, 1-10  
 Stockpile Statistics Worksheet, 5-75  
 Summary of Chemical Properties, 6-14  
 Summary of Chemical Properties (Mixtures), 6-15  
 Tabulated Values of Student's 't' for Evaluating Solid Wastes, 5-76  
 Tanks, see *Underground Storage Tanks*  
 Technical Work Groups, 1-18  
 Title 23, K-1  
 Toxicity Assessment, 6-4

## U

Underground Storage Tanks  
   Application, 2-2, A-1  
   Closure, 2-3, 2-5  
   Community Health and Safety, 2-7  
   Contractor Certification, 2-3  
   Decontamination and Purging, 2-7  
   Definition, 1-25  
   Inspection Procedures, 2-4  
   Inspection Scheduling, 2-4  
   Loan Program, 1-21  
   Permit Requirements, 2-1  
   Post Tank Removal, 2-3  
   Precautions, 2-9  
   Release Reporting, 3-9  
   Repair, 2-5  
   Soil Sampling, 2-7  
   Temporary Closure, 2-4  
 UST, see *Underground Storage Tanks*

## V

Vapor Analysis, 5-27  
 Vapor Flux, 5-39  
 Vapor Phase Migration, 6-27  
 Vapor Sampling, 5-14  
 Verification Monitoring, 7-8  
 Voluntary Assistance Program, 1-5, 1-12, C-1

**W**

Waste Characterization, 5-72

Water Quality Objectives, 6-2

Water Resource Impacts, 6-36

Web Page, DEH, 1-17

**Wells**

Borings, 5-1

Development, 5-40

Drilling Techniques, 5-12

Fees, 5-3, B-8
